Invites you to
Save The Date for a Very Special Evening Event**

Save the Date

As the world continues to develop, The Rotary Club of New York wants to help the adolescent women in destitute countries succeed so they may make our world a better place. The RCNY in conjunction with the UN Women invite you to attend a momentous night on Thursday, September 22nd as they join together to launch the "Adolescent Girls Reclamation of Education Empowerment (A.G.R.E.E.) Initiative.

This event will prove to be the must-attend event of the close of summer- an opportunity to witness history, learn how you can help in the initiative, enjoy cocktails and lite fare among colleagues, friends and those who wish to also make a change.
